Maciej Borzymowski

Full-Stack Developer

EXPERIENCE

08.2018 - present

Nextima

Full-Stack Developer

Designing and developing web apps.
Developing and improving existing solutions.

I have experience in:
- e-commerce (www.teatralnastrefavip.pl)
- SaaS (https://przetarg.expert)
- retail panel (for Lenovo dealers)
- video processing
- pwa app for tablets (presenting shopping center)
- Google and Facebook ads integration

All of the above I've programmed myself, both backend and frontend.

Corel

English B2

ABOUT ME

I love beautiful things and that's why my personal and professional goal is to create them, while exploring and developing myself.
I am inspired by nature and talented people. I am a big fan of electronic music and DJing for my friends.
